Ward 9 Updates (9th Ward Alderman Michael Browning)

- Snow Response.

- o City does not have a policy for plowing side streets. Currently working on figuring it out.
- o City has an issue where they do not have enough trucks for plowing the side streets. Other concern is hitting parked cars. They have purchased smaller plows, but the shipment is delayed. Smaller plows are expected next year.
- o Streets were not pretreated, which led to ice
- o Some Plows have started to plow side streets but they have been inadequate.
- o They have started to salt the alleys because of trash collection issues.
- o The Street Division oversees plowing and taking care of the roads, but they are understaffed and are working over-time.
- o Ald. Browning advocating for changing the city's snow response to include the side streets in the plowing route.
- o Division of Streets is not in charge of the sidewalks. Alderman Browning is creating a winter help sign up to shovel snow from the sidewalks in the FPSE neighborhood.
 - Signups can be found here:
